Not the "Whole Thing" But

The neat, nobby, stylish and tasteful work that we are daily displaying entitles us to a place at the head of the procession which we proposed to keep. We're not standing still. We're going ahead and can take you along with us if you'll say the word.

For artistic novelty and richness of design no goods equal ours. In our Repository are some styles unlike anything in carriages. SOLE AGENTS COLUMBUS BUGGY COMPANY.

A Morning Stimulant
With No Reaction

Many people have learned the value of an internal bath in the morning, but many more will be delighted when they have felt the mental poise and physical exhilaration which comes with the practice of slowly sipping one or two glasses of

WHITE ROCK WATER

immediately on arising. The stimulating properties of this water are fascinating. It enlivens the brain and sharpens the faculties for the duties of the coming day.

PLANTING THE
FRENCH CORK OAKJared Smith Has a Lot of Acorns
for General Distribution.

Jared G. Smith is sending out a large quantity of cork oak acorns for planting, and they will be sent to anyone on the islands upon the proper application at the Agricultural Experiment Station in the capitol building. Mr. Smith has received a large quantity of acorns from France, in fact, almost enough to supply the entire Territory. He said yesterday that the cork oak should do well in this climate, particularly on Maui, or in any of the rainy districts. The oak is grown largely in France, Southern Italy and Algeria, for commercial purposes; but Mr. Smith believes the tree would thrive well here and is therefore sending the acorns to all parts of the island. While it will be a good many years before the cork will be of any value commercially, the trees are splendidly adapted for decorative purposes.

Charges have been preferred against General Clayton, ambassador to Mexico, in which he is alleged to have misrepresented the conditions of Mexican prisons in which an American was confined.

The Russian commandant at Newchwang has apologized for the recent attack upon the sailors of the Vicksburg, and the incident is considered as closed by the United States.
